

Covid-19 Disclaimer

In the event of a national lockdown in June or leading up to Open Studios where there is a threat to endanger the health of artists and visiting public, Surrey Artists Open Studios would aim to move the dates of open studios from June to later in the year (As we did in 2020).

If artists can no longer make those dates their fees will be carried over into 2022.

If some covid safety restrictions remain in place in June which mean that a studio is unable to open to the public, SAOS would carry forward their registration fees to 2022.

If an artist or group of artists decides to withdraw of their own accord our refunds policy is:

Our Refund Policy
